Paul,  
It was a pleasure to meet with you. I have attached a presentation that provides a nice overview of the heavy-duty vehicle GHG program and includes a great deal of specific information that will be helpful. I have also included a Q&A document that was developed to cover many of the common questions and concerns that came about as the program was introduced. I have also included two EPA webpage links with additional information that may be helpful.

Heavy-Duty GHG Information Page: <http://www.epa.gov/otaq/climate/regs-heavy-duty.htm>

Greenhouse Gas Emission Model (GEM) Page: <http://www.epa.gov/otaq/climate/gem.htm#2-0-1>

Please contact me if you have further questions.

Dear Steve,

Please extend our heartfelt thanks to you and Maurice for taking the time to conference us in on the call yesterday. The combined efforts of the EPA/ NHTSA Heavy Duty Vocational team's hospitality, assistance and communication with us in guiding our clients, makes our work so much more pleasurable. Lit Chan and I really enjoyed the open candor and efforts to assist us with our HD projects.

Sincerely,  
Paul
